BV Footprint Progress

Bureau Veritas Footprint Progress provides any organization with the possibility to communicate the effective improvements of a product environmental performance through an eco-design strategy.

Bureau Veritas Footprint Progress is based on the best practices in terms of eco-design implementation: life cycle approach and quantification of the environmental impacts of a product are requested. As a consequence, the scheme is based on the Life Cycle Assessment standards, EMS including design and development processes, and third party review by the Certification Body principles.

Product:

Mobilier Permanent - MLPLV Mobilier Permanent

Certificate ID: **BVFP_784956A**

File Number: **17425938 / 784956**

Certificate Date: **26/01/2023**

Marie-Elisabeth d'ORNANO
LCIE Certification Officer

The certificate neither expressly nor indirectly implies any warranty, guarantee or any other assurance that a product, for which the certificate is granted, complies with any statutory or other requirements.
The certificate does not substitute any other product certificate and/or marking which may be mandatory or required under any other statutory or other regulations whatsoever.

Further clarifications regarding the scope of this certificate may be obtained by consulting the organization.
To check this certificate validity, please contact check.certificat@lcie.fr
